Summary

Junior Java Backend Developer with practical experience building RESTful APIs and backend systems using Java, Spring Boot, and MySQL. Demonstrated ability to develop and structure server-side applications with CRUD functionality, database integration, and layered architecture through academic and personal projects such as IntelliSafe. Strong understanding of Object-Oriented Programming, SQL, and core software engineering practices including SDLC and Agile workflows. Seeking a junior or graduate backend role where I can contribute to production systems, support backend development tasks, and grow within an enterprise engineering environment.

Skills

Backend Development	Frontend Development	Tools & Data Persistence	Soft Skills
Java	JavaScript	Git & GitHub	Problem-Solving
Spring Boot	CSS	MySQL	Adaptability
REST APIs	HTML	IntelliJ IDEA	Team Collaboration
SQL	Figma	Postman	Communication
CRUD Operations		Agile / SDLC	Continuous Learning

Projects

IntelliSafe: Incident & Safety Management System

 [GitHub](#)

Technologies: Java, Spring Boot, Spring Data JPA, H2 Database

IntelliSafe is a backend incident and safety management system designed to streamline incident reporting, tracking, and management within organizations.

- Developed backend services using Spring Boot following a layered architecture (Controller–Service–Repository)
- Designed and implemented RESTful APIs for incident management (CRUD operations)
- Integrated H2 in-memory database for development and testing
- Implemented structured exception handling and clean API design

ZinExpress Logistics Website

 [Live link](#)

Technologies: HTML, CSS

Designed and developed a responsive logistics website for service presentation and user engagement.

- Built structured and responsive UI layouts using HTML and CSS
- Applied responsive design principles for cross-device compatibility
- Structured the system for future backend integration

Education

Walter Sisulu University

2024 - Present

- Major in Diploma in ICT in Applications Development
- Information Systems
- Technical Programming
- Computer Architecture

Hibberdene Academy

2021 - 2023

- Grade 12 (National Senior Certificate) - Obtained Bachelor's degree
